SUBJECT: Contract F-H 7322, ☐ Request No. 097

25X1A

Dear Gregg,

25X1A

Reference is made to your ☐ Request No. 097. The PSO has researched this item and has been unsuccessful in locating requested equipment or a favorable substitute from DOD assets.

Inasmuch as there is no equivalent item in inventory to meet your requirements, we recommend that necessary action be taken by you to provide this item as CFE, should it be determined that a necessity still exists for use of this equipment.

Regards,

George
